The Experience

PLANNING:

Resident expert, Melanie Bienvenu, will walk you through the space to help paint a beautiful picture of your Wedding Day at The Moore.

Custom Timeline - we don't fit you into a box! You get to customize your timeline, traditions, special moments and more.

Custom Floor plans - another fun thing to customize! We allow you to choose your room layout to best fit your wedding day and family dynamic.

TASTINGS:

Our food is awesome and we want you to try it! Twice a year we host a tasting event (on a week night!) for our couples to experience the food and atmosphere of the space! Or, inquire about a personal one on one tasting.

GETTING READY:

It's wedding day! You have the option to get ready in our Bridal Suite!

If your ceremony is on site, we add in an additional hour of time in the suite to your package.

You have private restrooms, mirrors, and a TV that allows you to see into the ball room! You can watch your processional before you head in.

RECEPTION:

Your Bridal Attendant will take great care of you throughout the entire reception!

You can sneak away to the Bridal Suite at any time to eat, use the restrooms, or take a little break!

All night, we'll be serving you drinks in Tumblers that you take home as a memento from us of your big day! Our couples love that their drinks won't spill and no one accidentally clears their beverage too soon!

AFTER THE WEDDING:

We will send you home with with samples of all the food from the night and leftover wedding cake. Your bridal attendant will also see that your gifts and personal belongings make it into the assigned vehicle upon departure.
